

KEEP SEDONA BEAUTIFUL

ENVIRONMENTAL STEWARDS SINCE 1972

Photograph Courtesy of Sedona Photographer © Jim Peterson 2015 - Used with Permission

Sedona was named the
6th International Dark-Sky Community
in the US and 8th in the World

Please help preserve Sedona's dark sky – use Fully Shielded Fixtures.

The International Dark-Sky Association (IDA) promotes one simple idea: light what you need, when you need it. IDA works with manufacturers, planners, legislators, and citizens to provide energy-efficient options that direct the light where you want it to go, not uselessly up into the sky.
