Join us on Wednesday May 8, 2019, 5:30 pm for speaker Hugh Denno and the *Viva la Verde* film.

Viva La Verde is an independent documentary film seven years in the making. It explores the past, present and future of Arizona rivers, using the foremost surviving perennial river in Arizona, the Verde River, as a case study. The film combines amazing wildlife photos and video with educational animated sequences, expert interviews, and an original soundtrack. It is 47 minutes long.

This film imparts a strong message of stewardship for wildlife, rivers, and water resources, and offers clear, solution-driven opportunities for citizens to get involved and help to preserve and restore our rivers.

With over ten years of professional experience as a naturalist, experiential educator and wilderness guide, Hugh says, "traveling and working in the wilderness teaches us how to accomplish monumental goals with minimal resources."

The evening includes complimentary appetizers donated by [El Rincon Restaurante Mexicano](#) and refreshments provided by Keep Sedona Beautiful (KSB).
