According to Jeff Hall, "Lowell Observatory is planning a major expansion to its outreach programs and continues to perform cutting-edge research at its 4.3-meter Discovery Channel Telescope. The Observatory has also been working extensively with the City of Flagstaff on a retrofit of its street light system that will preserve Flagstaff's dark skies." Mr. Hall will talk about all these developments during the course of the evening.

Keep Sedona Beautiful's monthly Preserving the Wonder™ Speaker Series focuses on presenting a diversity of programs relevant to the unique environment of our region. Join Us on Zoom.
