## This Month - Think Water! April is Water Awareness Month

April has been designated Water Awareness Month in Arizona. As the weather heats up and our dry season begins, it's a great time to think about how much water you're using and how you can reduce use of our most precious resource.

Practicing a low water-use lifestyle is a way each individual and business in Arizona can help ensure a long-term, sufficient water supply. You can make a difference in our future by making small changes, starting today.

You can find simple water saving tips at any of the following:

- [This page from the City of Flagstaff](#)
- [This page from the Environmental Protection Agency](#)
