Greetings!

News You Can Use

Bayer Global, the current manufacturer of Roundup (originally created by Monsanto in 1970) has announced that the Bayer company and its partners will replace its glyphosate-based products in the U.S. residential Lawn & Garden market with new formulations that rely on alternative active ingredients beginning in 2023, subject to a timely review by the U.S. Environmental Protection Agency (EPA) and state counterparts. There will be no change in the availability of the company's glyphosate formulations in the U.S. professional and agricultural markets.

Many thanks to those who volunteered to participate in the two KSB sponsored non-toxic herbicide trials. A compilation of results will be prepared.

We have 10 remaining gallons of the herbicide and would like to offer these on a first come basis, one per household. We suggest a donation of \$20 which is below fair market value (No tax deduction may be taken).

Please contact KSB at ksb@keepsedonabeautiful.org if you would like to pick up a gallon.

KSB Gratefully Acknowledges Our Courthouse Butte Business Sponsors

This Month

The Sedona International Film Festival

The Sedona International Film Festival is the only organization in Northern Arizona offering the public first-run independent films on a regular basis throughout the year.

Our film festival presents an array of film, high definition dance, theater, discussions, premieres and live events in our own Mary D. Fisher 112-seat arthouse theatre.

The 2021 Film Festival is rescheduled for June 12-20, 2021

*KSB greatly appreciates the support
Sedona International Film Festival has given us.*
