Greetings!

**KSB is happy to announce
the last event of the
2021 Annual Native Plant
Workshop.**

The last in the 2021 Native Plant Workshop Series is how to make quick and easy Prickly Pear jelly.

This zoom presentation with Carla Williams will be held on September 25th from 6 to 7pm. Carla will fully demonstrate equipment and explain handy tricks. When finished, participants will have the knowledge to make their own jelly. This bright pink jelly is delicious and will make a great holiday gift. It's Prickly Pear season, so what better time to use the native fruits growing around us!

To join this webinar at 6:00 on Saturday September 25, [CLICK HERE](#).
