Greetings!

All KSB Comprehensive Plan Surveys are Live!

Keep Sedona Beautiful has created 9 separate surveys to better understand the priorities of Yavapai County residents on topics that will be addressed in the update to the **Yavapai County Comprehensive Plan**. All surveys are now live.

You can find them

at: <https://www.keepsedonabeautiful.org/ksb-surveys/>.

Yavapai County is in the process of updating its Comprehensive Plan to cover the next 10 years. This critical document will guide the Planning and Zoning Commission, as well as County Supervisors as they consider development proposals over the next decade. If you are not yet familiar with the process for updating the Comprehensive Plan, **CLICK HERE** for an explanation.

If you haven't yet taken one or more of these surveys, and you are a Yavapai County resident, we urge you to do so. Survey Monkey will prohibit you from taking a survey twice. Again, do not take any of these surveys unless you are a resident of Yavapai County.

The surveys will remain available until December 1 at which time they will be closed and the results will be tabulated. KSB will provide the results to Yavapai County and will publish the results on our website.

The Yavapai County Comprehensive Plan is a critical document, and these surveys are a way for county residents to have input into its development. Please take a few minutes to complete each survey.

Where are the Volunteers?

For many years, the litter lifter program had a waiting list, people waiting for months to get their very own mile. It would be wonderful to get back to those good ole days. No doubt there are people in the community who would love to get exercise and beautify Sedona.

There are currently two open routes...one is shorter than a mile in Sedona on 89A...and the other has views on SR179 past VOC toward I17. Both have great parking.

If you are interested or know someone who might be interested, please contact Wendy at ksb2@keepsedonabeautiful.org for details. Or call 928-282-4938.

Help KSB protect and sustain the unique scenic beauty and natural environment of the Greater Sedona Area, now and in the future.
