ARIZONA GOVERNOR TAKES ACTION ON WATER

Arizona's Governor Katie Hobbs unsealed a previously unreleased report showing that demand for water in Phoenix's West Valley exceeds the 100-year supply.

KSB urges you to read the Governor's news release at: <https://azgovernor.gov/office-arizona-governor/news/2023/01/governor-hobbs-announces-actions-modernize-arizonas-groundwater>

This is a significant step toward facing the issue of our finite water supply directly and realistically, although **anticipated new development will only make the problem more severe.**
